### Executive Summary

The Trial Court Budget Advisory Committee recommends approving (1) allocations for fiscal year (FY) 2025–26 from the State Trial Court Improvement and Modernization Fund in the amount of \$47.9 million, and (2) the delegation of authority to the Administrative Director of the Judicial Council to authorize baseline technical adjustments to Judicial Council–approved allocations. With the proposed allocations, the State Trial Court Improvement and Modernization Fund is projected to end FY 2025–26 with a fund balance of \$31.3 million, of which approximately \$29.3 million will be unrestricted. The allocations will provide the necessary funding for specific programs and services for the trial courts, and the delegation of authority will allow for greater efficiency in the implementation of required budgetary adjustments.

### Recommendation

The Trial Court Budget Advisory Committee, with Judicial Branch Budget Committee approval on April 24, 2025, recommends that the Judicial Council, effective July 18, 2025:

1. Approve a total of \$47.9 million in allocations for FY 2025–26 from the State Trial Court Improvement and Modernization Fund; and

2. Approve the delegation of authority to the Administrative Director to authorize baseline technical adjustments to Judicial Council–approved allocations, up to a maximum of 10 percent of specific allocations, to allow for the efficient implementation of required budgetary adjustments.

The requested allocations and difference from the FY 2024–25 allocation value, by Judicial Council office, are as follows:

- \$433,000 to Audit Services, an increase of \$34,000;
- \$305,000 to Branch Accounting and Procurement, an increase of \$3,000;
- \$8,000 to Budget Services, a decrease of \$10,000;
- \$5.5 million to Center for Families, Children & the Courts, an increase of \$66,000;
- \$2.8 million to Center for Judicial Education and Resources, an increase of \$638,000;
- \$9,000 to Criminal Justice Services, no change;
- \$23,000 to Human Resources, an increase of \$23,000;
- \$34.2 million to Information Technology, an increase of \$653,000;
- \$2.3 million to Legal Services, a decrease of \$439,000;
- \$2.3 million to Leadership Support Services, an increase of \$296,000; and
- \$9,000 to Research, Analytics, and Data, no change.

A list of the approved FY 2024–25 and proposed FY 2025–26 allocations is provided in Attachment A.

### **Relevant Previous Council Action**

Since the inception of state trial court funding in 1996, the Judicial Council or the Executive and Planning Committee has allocated trial court–related funding every year from the State Trial Court Improvement and Modernization Fund (IMF) or its predecessor fund, the Judicial Administration Efficiency and Modernization Fund.

### **Analysis/Rationale**

Following are the proposed FY 2025–26 allocation requests. Additional details for each of the programs are included in Attachment B.

**Audit Services** – Conducts operational audits, risk assessments, and recommends improvements to all judicial branch entities.

*Approve an allocation of \$433,000; an increase of \$34,000 from the FY 2024–25 allocation.*

- a. The allocation is for conducting performance and compliance audits of the 58 trial courts.
- b. The adjustment is due to increased staffing and rent costs.

**Branch Accounting and Procurement** – Supports the trial courts’ financial and human resources Phoenix System.

*Approve an allocation of \$305,000; an increase of \$3,000 from the FY 2024–25 allocation.*

- a. The allocation is for two staff, one in the treasury unit and one in the accounting unit, and for providing contract-related services to produce statewide leveraged procurement agreements.
- b. The adjustment is due to increased staffing and rent costs.

**Budget Services** – Supports meetings of various budget committees and subcommittees related to trial court funding, policies, and other issues.

*Approve an allocation of \$8,000; a decrease of \$10,000 from the FY 2024–25 allocation.*

- a. The allocation is for the Trial Court Budget Advisory Committee and subcommittee meetings, and annual revenue distribution and collections reporting trainings.
- b. The decrease reflects the transition from in-person meetings and trainings to remote forums.

**Center for Families, Children & the Courts** – Supports various programs within the courts for litigants.

*Approve an allocation of \$5.5 million; an increase of \$66,000 from the FY 2024–25 allocation.*

- a. The allocation is for providing domestic violence forms in languages other than English to all courts; enabling all courts to use Hotdocs document assembly applications while filing documents; court-based assistance to self-represented litigants; supporting the Beyond the Bench conference, Child & Family Focused Education conference, and Youth Summit; funding for legal services agencies and their court partners to provide representation to indigent persons; updating the Self-Represented Litigants Statewide Support Program and expanding the Self-Help Guide to the California Courts on the judicial branch website; and recruiting new court interpreters.
- b. The \$5 million for self-help centers comprises a majority of the allocation. Budget bill language requires unspent funds for self-help to revert to the General Fund.
- c. The \$66,000 increase is from the Shriver Civil Counsel Program cy pres funding. This funding is the available balance from class action lawsuits collected in FY 2019–20 and can only be used for this purpose. Minor revenue deposits have continued to be collected related to lawsuits from that year. The requested increase represents the use of the remaining balance of that revenue.

**Center for Judicial Education and Resources (CJER)** – Provides education to judges, court leaders, court staff, faculty, managers, supervisors, and lead staff.

*Approve an allocation of \$2.8 million; an increase of \$638,000 from the FY 2024–25 allocation.*

- a. The allocation is for faculty development, participant expenses, training for court leaders, the Court Clerk Training Institute, and for newly elected or appointed judges and subordinate judicial officers' education programs.
- b. Due to the recent increases in judicial appointments and the need to ensure that new judges meet the requirements of rule 10.462 of the California Rules of Court, CJER is

expanding its mandatory Judicial College by adding a second session. This expansion, coupled with rising costs for in-person education—including hotel accommodations, travel, and catering—necessitates a \$638,000 increase in the Judicial Education program allocation for FY 2025–26.

**Criminal Justice Services** – Supports the Judicial Council’s Criminal Jury Instructions Advisory Committee.

*Approve an allocation of \$9,000; no change from the FY 2024–25 allocation.*

- a. The allocation is for the criminal portion of the Jury Instructions and is funded by royalties generated from their sales, which are deposited in the IMF.

**Human Resources** – Supports the Trial Court Labor Relations Academy and Forum to assist trial court staff in addressing various labor issues.

*Approve an allocation of \$23,000; an increase of \$23,000 from the FY 2024–25 allocation.*

- a. The Academy and Forum is held every other year. There was no academy held in FY 2024–25; therefore, funding was not needed.

**Information Technology** – Supports information technology systems for the 58 trial courts.

*Approve an allocation of \$34.2 million; an increase of \$653,000 from the FY 2024–25 allocation.*

- a. The allocation is for the Data Center and Cloud Service to host services for the 58 trial courts, the appellate courts, and the Supreme Court; the distribution and mandated reporting of uniform civil fees collected by the 58 trial courts; the California Courts Protective Order Registry; for developing and supporting a standardized level of network infrastructure for the trial courts; the Enterprise Policy and Planning program, which provides a variety of Oracle products to the courts; data integration; and the Jury Management System.
- b. The increase is primarily due to costs associated with a hardware refresh cycle for telecom equipment. This refresh occurs over two fiscal years and is completed on average every five years.
- c. The adjustment also includes increased staffing and rent costs.

**Legal Services** – Supports the various Judicial Council offices and the courts, manages litigation, is responsible for maintaining the California Rules of Court and Judicial Council forms, and supports the Civil Jury Instructions Advisory Committee.

*Approve an allocation of \$2.3 million; a decrease of \$439,000 from the FY 2024–25 allocation.*

- a. The allocation is for the Regional Office Assistance Group of Legal Services to provide direct services to the trial courts; the Litigation Management Program, which manages litigation and provides for the defense and indemnification of all judicial branch entities,

bench officers, and employees; and for the civil portion of the Jury Instructions, which is funded by royalties generated from their sales.

- b. The adjustment is due to an anticipated decrease in settlement expenditures for the Litigation Management Program.

**Leadership Support Services** – Supports the trial court judicial officers for the Commission on Judicial Performance defense master insurance policy.

*Approve an allocation of \$2.3 million; an increase of \$296,000 from the FY 2024–25 allocation.*

- a. The allocation is for the Judicial Performance Defense Insurance program, which is used to pay the insurance premium for trial court judges and judicial officers for the Commission on Judicial Performance defense master insurance policy.
- b. The adjustment is due to increased premium, staffing, and rent costs.

**Research Analytics and Data (formerly the Office of Court Research within Business Management Services)** – As of July 1, 2025, Business Management Services will be dissolved, and the Data Analytics Advisory Committee will be supported by the Research, Analytics, and Data (RAD) office. The RAD supports the judicial branch’s research, data, and analytic functions and conducts the trial court workload study and judicial needs assessment.

*Approve an allocation of \$9,000; there is no change from the FY 2024–25 allocation.*

- a. The allocation is for the Data Analytics Advisory Committee meeting expenses for court personnel and judges related to workload studies.

The FY 2025–26 allocation request of \$47.9 million from the IMF is reflected in the IMF Fund Condition Statement (Attachment C). Based on current revenue estimates, the fund is estimated to have a sufficient balance for the requested allocations (see Attachment C, row 25).

As approved by the Judicial Council at its June 24, 2016, business meeting, the IMF fund condition also includes a reserve of \$2 million to protect against possible declines in revenue and is available for expenditure if needed to support program operations (Link A). This reserve is not expected to be needed to support the FY 2025–26 allocation recommendations included in Attachment A.

### **Delegation of authority for technical adjustments**

The annual allocations from the IMF approved by the Judicial Council are estimated based on available information at the time allocation requests are developed. Authority for technical baseline budget adjustments is necessary to address midyear revisions to budgets for funded personal services and rent increases approved by the Department of Finance and included in the annual Budget Act. Delegating authority to the Administrative Director to address these midyear adjustments up to a maximum of 10 percent of specific allocations will allow for greater efficiency in the implementation of required budgetary adjustments to ensure the programs have the necessary level of funding.

As approved by the Judicial Council at its August 23, 2013, business meeting, the Administrative Director currently has delegated authority to transfer allocations approved by the Judicial Council between projects and programs not to exceed 20 percent of the allocations to be reduced or augmented (Link B).

### **Policy implications**

These recommendations are consistent with the annual process of allocating trial court–related funding from the IMF every fiscal year. The recommendation to delegate authority to the Administrative Director will require an update to the current delegation policy, and will result in process efficiencies and eliminate additional time spent to seek approval of necessary allocation adjustments.

### **Comments**

This proposal was not circulated for public comment. However, the recommendations were considered at meetings that were open to the public, and no public comments were received.

### **Alternatives considered**

If the recommendation to allocate funds is not approved, programmatic support to the trial courts will be affected. If the recommendation to delegate authority to the Administrative Director to authorize technical baseline adjustments is not approved, it will require the Judicial Council to separately consider and approve the technical adjustments throughout the year for previously approved allocations and result in continued process inefficiencies.

The recommendations are consistent with past practice or were thoroughly vetted through the Judicial Council governance process and deemed necessary and affordable. No other alternatives were considered.

### **Fiscal and Operational Impacts**

No additional fiscal or operational costs are necessary to implement these recommendations.

26	Uniform Civil Filing Services	IT	<p>This program supports the distribution and mandated reporting of uniform civil fees collected by all 58 superior courts, with an average of \$52 million distributed per month. The system generates reports for the State Controller's Office and various entities that receive the distributed funds. There are over 200 fee types collected by each court, distributed to 31 different entities (e.g., Trial Court Trust Fund, County, Equal Access Fund, Law Library, etc.), requiring 65,938 corresponding distribution rules that are maintained by Uniform Civil Fee System (UCFS). UCFS benefits the public by minimizing the amount of penalties paid to the state for incorrect or late distributions and ensuring that the entities entitled to a portion of the civil fees collected, as mandated by law, receive their correct distributions.</p>
27	Jury System Improvement Projects	LS	<p>This program is related to Jury Instructions and is a "self-funding" PCC. Funds in this account are generated by royalties from sales of criminal and civil jury instructions. The funds are deposited under the Government Code.</p>
28	Litigation Management Program	LS	<p>This program provides for the defense and indemnification of all judicial branch entities, their bench officers, and employees. Defense of these parties is for government claims, pre-litigation claims, and litigation, as well as for various risk reduction measures, as required by Government Code sections 810–811.9, 825–825.6, 900.3, and 995–996.6 and California Rules of Court, rules 10.201 and 10.202.</p>
29	Regional Office Assistance Group	LS	<p>The allocation for the Regional Office Assistance Group is used to pay for attorneys and support personnel to provide direct legal services to the trial courts in the areas of transactions/business operations, legal opinions, ethics, and labor and employment law.</p>
30	Judicial Performance Defense Insurance	LSS	<p>The allocation for the Judicial Performance Defense program is used to pay the insurance premium for trial court judges and judicial officers for the Commission on Judicial Performance (CJP) defense master insurance policy and associated costs to provide for online enrollment and submission of compliance information. The program (1) covers defense costs in CJP proceedings related to CJP complaints, (2) protects judicial officers from exposure to excessive financial risk for acts committed within the scope of their judicial duties, and (3) lowers the risk of conduct that could lead to complaints through required ethics training for judicial officers.</p>
31	Data Analytics Advisory Committee	RAD	<p>Pays for meeting expenses of the Data Analytics Advisory Committee and travel expenses for court personnel and judges related to workload studies.</p>
