

## Access Map for Individuals with Disabilities

In the courthouse parking lot, proceed to the far left (south side) of the building where there is an additional parking space reserved for ADA and elevator access. Look for the handicapped parking space and elevator instructions regarding access to the court offices and courtroom on the 2nd floor. The elevator is located at the rear (west side) of the building. Press the speaker button on the right of the elevator doors and the Sheriff's dispatcher will inquire your name and purpose before allowing you access to the court offices.

Arriving at the interior 2nd floor hallway, court staff will accompany you to the courtroom or court offices.
